

Job Title: Site Manager, Allflex Livestock Intelligence

Department: Manufacturing

Position Location: Vitré, Brittany, France

Requisition ID: ASE#013

Allflex Livestock Intelligence is the world leader in the design, development, manufacturing and delivery of solutions for animal identification, monitoring and traceability. Our data-driven solutions are used by farmers, companies and countries to manage hundreds of millions of animals worldwide. By putting intelligent, actionable management information into farmers' hands, our solutions empower them to act in a timely manner to safeguard their animals' health and wellbeing, while achieving optimal production outcomes for a healthy food supply. Allflex Livestock Intelligence is a Livestock portfolio of digital products within MSD Animal Health.

As the largest provider of animal identification technology, we meet growing customer needs by providing over 500 million tags for identifying, tracking and monitoring animals every year and we monitor over 5.5 million cows daily, which allows access to real-time, actionable data and insights to help improve or enhance animal management and health outcomes.

With over 60 years of experience and around 1,900 team members worldwide, we have a global network of experts, each with a great depth of experience and unparalleled knowledge, who provide a valuable resource to farmers, companies and countries. Allflex Livestock Intelligence has manufacturing and technology subsidiaries in North America, Europe, Israel, South America, China, Australia and New Zealand. Our products are distributed in over 100 countries.

Through its commitment to the *Science of Healthier Animals*®, MSD Animal Health offers veterinarians, farmers, pet owners and governments one of the widest ranges of veterinary pharmaceuticals, vaccines and health management solutions and services as well as an extensive suite of digitally connected identification, traceability and monitoring products. MSD Animal Health is dedicated to preserving and improving the health, well-being and performance of animals and the people who care for them.

Job Description:

Attached to the Global lead manufacturing Identification, you will take charge of the Vitré site (217 employees) and ensure its sound management. To do this, you will ensure its performance and the optimization of its organization, in particular through continuous improvement methods.

You will chair the Management Committee, ensure that a quality labor relations climate is maintained and support your teams in the adventure.

Key Qualifications & Competencies:

To occupy this high profile position, you have 5 years of higher education such as an engineering school diploma and have acquired at least five years' experience as a mass production plant manager over a ten-year career path in industrial production.

You are familiar with continuous improvement methods of the industrial sector (e.g. plastics, agribusiness, automotive, pharmaceuticals etc.)

Charismatic, to stimulate and mobilise your teams in order to achieve the plant's objectives, you are also a good listener and diplomatic.

Finally, you are rigorous and results-oriented. You have a very good command of French and English.
